To Whom It May Concern,

I have known Chuck Smith for over 10 years and worked with him on several different levels. I have loaned him money for aircraft purchases as well as parts acquisition for resale. My company Accutech Data Supplies, Inc has engaged Chuck and C&J Aviation to handle several of our corporate aircraft transactions as well. C&J Aviation has handled both acquisition and re-sale of our aircraft and all transactions were handled expeditiously and professionally and all parties were satisfied. Please feel free to contact me with any questions regarding our experience.

Sincerely,

Mark DiRado

President
