

HERITAGE
FLIGHT

April 21st, 2010

To Whom It May Concern,

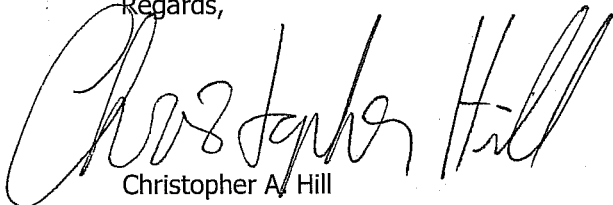

I am writing to strongly recommend Chuck Smith at C&J Aviation as an aircraft supplier.

Over the past five years, Heritage Flight has used C&J Aviation for the purchase of four (4) King Air C90B aircraft. We used Chuck Smith as our representation for the purchase of each of our four aircraft. All four transactions went exceedingly well in addition to purchasing four mechanically sound aircraft in which Chuck secured. We are currently operating all four King Airs in which Chuck brokered and have had great success with each aircraft.

I, without hesitation, recommend Chuck Smith and C&J Aviation for purchasing any line of King Air aircraft. His depth of knowledge of King Airs and his professional demeanor has solidified our relationship with Chuck Smith. We will continue to use Chuck Smith as our aircraft representative as we continue to own and operate King Air aircraft.

Please feel free to contact me to discuss our experience with C&J Aviation in further detail.

Regards,

Christopher A. Hill

A heritage of service. An outlook of excellence.
