Re: Recommendation

Dear Gary:

The purpose of this letter is to thank you for representing us in the purchase and sale of our Challenger and Hawker. I know the market right now is very tough, to say the least, and you were able to sell our aircraft quickly and for a price that was fair. Further, C&J did an excellent job keeping us informed during the entire process, including assisting with the pre-purchase inspection, preparation and negotiation of the sale documents and handling the closing.

Please don't hesitate to utilize this letter as our wholehearted recommendation that anyone desiring to sell or purchase an aircraft should utilize your services.

Sincerely,

Harry T. Carneal  
President
